QUESTION NO. 33.

Dec. 10, 1910.

Dear Bro. Garrett I am asking you for information to know if the Catholic church is right or is it a good church. I do not belong to any church or denomination. Sam says the Catholic church is the best church, and the only one, they say they are the best people in the world. So I want to know, and if you can tell me in your next paper of the CRESSET. What is their belief? Do they believe in a Christ. Is their church perfect, or not? Do they believe in a heaven?

And I want to know if you believe in the Latter Day Saints? I believe they are right.

Do you believe in laying on of hands to heal the sick? Did Christ lay on hands to heal the sick? Has the church this right to day. Where does the spirit go when a person dies to a special place prepared? or do they lay in the tombs with the body? Some say that they are in the tomb until the resurrection when Christ comes again. Please let me hear in your next paper about this. I am not much of a writer but a child of God. Correct all mistakes brother Garrett My adress is L. coma Arlock.

DID MOSES KNOW?

It is indeed strange how people who claim to disbelieve the existence of a Supreme Being, denounce Reason in their argument, "to Socialist" has resorted to such peculiar method in CRESSET of Dec. 1st. In making a fruitless effort to disprove the existence of God. He has in his futile attempt, forgotten reason, and depended wholly upon illogical unreasonableness: Thus forming himself a foundation, to destroy the power that gives him existence that would put to shame the most radical infidel the world has ever known.

I have no argument to make against a piece of poetry—A piece of poetry fanned out in the unbelieving mind of a dreamer, whose thoughts are as prone to think evil as the sparks that fly upward. But we wish to briefly state in reference to the question put forth by this Socialist dreamer: How are we to determine what God was at the time when the earth was void and without form, as set forth by Moses in his Genesis.

I shall answer only according to Reason as that is our only teacher of Pre-biblical events.

Ask reason "How are we to determine what God was before the foundation of the world?"

Reason answers, He was God: "He is the same yesterday, to day and for ever" (Bible) Paul says he promised us eternal life before the world began" Titus 1: 2 We are taught that he was full of wisdom before he formed the world. But as too being able to ascertain just what God was, what he was engaged in, his

thoughts etc. Previous to the creation of the earth sun, moon, etc. This is not given man too know. We are in the dark on such matters. It is no necessity for us to know. We can assume that God came into existence as time did we have no Record of His Creating time that I know of. The same of nature and Socialist can profit by asking himself the question Who made nature or time? does Moses know? Now Socialist you continue; Before the creation period there was no ant no lambor man.

Did God exist previous to this creative period or before life land or light? Have you a boy going to school? Ask him, if not go to your neighbors boy, for any school boy can answer yes he certainly existed, as we have history that he made these things and of necessity existed previous to them.

Your theory that Bro. Garrett would have to argue from a different standpoint than the fear of the ant, etc. is hardly plausible as you take pleasure in quoting in 5th. verse of your poem "The greatest time is now the past has come and gone" So I take pleasure in commending the ant argument in preference to going back among the super-natural pre earthly relics for argument. And to him who would attempt to prove him, otherwise I would refer them to Job 37-4 In God's language: "Where was thou when I laid the foundations of the earth? declare if thou hast understanding."
